Technical Data Sheet (TDS)

Product Name: Pest Asia Rat Glue Trap

Product Type: Non-toxic glue-based rodent trap

Product Description

Pest Asia Rat Glue Trap is a ready-to-use, non-toxic trap designed to effectively capture rats and other rodents. It features a strong industrial-grade adhesive applied to foldable cardboard, combined with a scented bait attractant. The trap provides a safe and discreet alternative to chemical poisons, making it ideal for use in homes, storage rooms, and commercial premises.

Applications / Use Areas

- Behind kitchen appliances
- Under sinks or cabinets
- Along wall edges and rodent runways
- Storerooms, pantries, and utility areas
- Garages and basements

Product Features

- Non-toxic, industrial-strength glue
- Pre-baited with attractant (concealed, not visible)
- Foldable design for flat or tunnel use
- Safe for use around pets and children (when used as directed)
- Clean, mess-free disposal

Storage & Handling

- Store in a cool, dry place below 30°C
- Avoid direct sunlight and high humidity
- Keep away from food and animal feed
- Do not touch glue surface; use gloves when handling if needed
